Re: Buzzi Unicem USA

Dear Mr. West:

On December 10 through December 17, 2013, representatives of the National Enforcement Investigations Center (NEIC) and of the U.S. Environmental Protection Agency inspected the Buzzi Unicem USA ("Buzzi" or "you") facility, located in Greencastle, Indiana. On October 6, 2015, EPA sent you a letter identifying issues related to your storage of "continued use" material at the facility. In a letter dated December 7, 2015, you submitted additional information to EPA regarding the identified issues.

EPA has reviewed the response set forth in your letter. If Buzzi fully implements and maintains the steps set forth in your letter, and maintains full sequestration of "continued use" material from hazardous waste at the facility, EPA does not plan additional enforcement action at this time on the issues identified above. This letter does not limit the applicability of the relevant requirements, or of other federal or state statutes or regulations. Thank you for your cooperation.

If you have any questions or concerns regarding this matter, please contact Jamie Paulin, of my staff, at 312-886-1771.

Sincerely,

Gary J. Victorine, Chief  
RCRA Branch
